James Minton is available by appointment to discuss and facilitate use of OCC equipment. Use and operation of equipment for showings and performances is provided (when possible) as a service by Oakopolis. Use of equipment, expertise, and labor for personal reasons (such as documenting work) can be arranged via James Minton for a negotiable fee or hourly rate. (This also includes cases where the artist requires help in creation of sound or visual elements to be used as part of their work.)

In all cases, OCC equipment must be operated by OCC staff.
